a daily journal for self improvement

Empower Your Soul - to Inspire

Goal

An average person with average talent, ambition and education, can outstrip the most brilliant genius in our society, if that person has clear, focused goals.

Happiness

Happiness and high come to you when you choose to live your life consistent with your highest values and your deepest convictions.

Influence

If you could find out what the most successful people did in any area and then you did the same thing over and over, you'd eventually get the same result they do.

Words of Wisdom

BANKERS OFTEN LEND MONEY ON CHARACTER, BUT SELDOM ON REPUTATION ALONE, FOR THEY HAVE LEARNED THAT NOT ALL REPUTATIONS ARE DESERVED.

When considering a loan, a banker attaches great importance to three things: the borrower's ability to repay the loan, the borrower's credit history, and the borrower's character. The first two considerations can be calculated mathematically; the third requires judgment and experience. Prudent bankers have learned that persons of character are always a good risk because they take their obligations seriously while those who spend their resources on trappings of success should be avoided at all costs.

Protect your good reputation as you would protect your home, your investments, and your life. Once shattered, a good reputation can only be regained by those who have developed the courage and willpower to persevere in the face of great odds.
