Empower Your Soul - to Inspire

Knowledge

"The great Breakthrough in your life comes when you realize it that you can learn anything you need to learn to accomplish any goal that you set for yourself. This means there are no limits on what you can be, have or do."

Leadership

"Integrity is the most valuable and respected quality of leadership. Always keep your word."

Management

"Manage by objectives. Tell people exactly what you want them to do and then get out of their way."

Words of Wisdom

IT'S MIGHTY EASY TO JUSTIFY DISHONESTY IF YOU MAKE YOUR LIVING FROM IT.

The subconscious mind makes no moral judgments. If you tell yourself something over and over, your subconscious mind will eventually accept even the most blatant lie as fact. Those whose lives and careers, have been destroyed by dishonest behavior began the process of self-destruction when they convinced themselves that one slight infraction of the rules wouldn't matter. When you sell yourself to an idea, make sure the idea is positive, beneficial to you, and harmless to others. Just as negative thoughts and deeds return to their originator, so do positive ones. When you practice honest, ethical behavior, you set in motion a force for good that will return to you many times over.
